

Tuesday 12 April – Stage 1 – Paris / Poitiers

An appointment with the public!

Tuesday 12 April at daybreak, the 240 cars entered in the Tour Auto Optic 2000 left the Jardins des Tuileries, for the longest stage of the route, watched by the many "early birds" gathered Place de la Concorde to cheer them on. The crews drove to the Montlhéry Racing Track for the official start of the race during the first timed stage.

A first special stage which promises exciting duels during the whole rally. The competitors accomplished their mission and offered thrilling battles to the public which came in droves to the Bugatti circuit and along the roadside. In the region of Saumur, Langlois-Château welcomed competitors and competitors in their sumptuous vineyard.

The five grids then continued towards the Parc de Blossac in Poitiers for a well-deserved stopover. On this occasion, the Mini Tour welcomed children from 6 to 13 years old for the first time for a maiden lap in a mini Ferrari. The activity was very successful with the budding drivers.

On April 13th in the early morning, the Tour Auto Optic 2000 procession will go to the Val de Vienne circuit and finish the day for the first time at Objat.
